Note: Manufacturer Back Order and Discontinuation lists are reviewed and validated on a weekly basis and will be updated only if there are any changes to the list.

Manufacturer Back Orders

Manufacturer Back Order (MBO): An item that is not currently available to order from the manufacturer. Vendors may have some residual stock in certain geographies, but more stock of that item cannot be delivered to the Vendor until the MBO is over.

*Clinical Equivalent codes are ordered when the primary product is out-of-stock. Approved substitute products are automatically provided. Suggested alternatives are provided for reference only and are to be ordered if clinically appropriate.

Ontario Health atHome staff and Service Providers please consult your local out-of-stock report for region specific information and other possible alternatives.
