### Monthly Rates for Accommodation

- These monthly rates are subject to annual increases. As of July 1, 2025, they are:  
**Basic:** \$2,085.37 **Semi-Private:** \$2,514.24 **Private:** \$2,979.32
- The long-term care home resident is required to pay the applicable accommodation charges for their length of stay.
- If the resident has a substitute decision-maker for property who is legally authorized to make financial decisions on their behalf, the substitute decision-maker must fulfill this obligation on behalf of the resident.
- Long-term care home residents in basic accommodation with income less than the cost of the maximum basic accommodation and comfort allowance may be eligible to receive a reduction in their co-payment amount. This is known as *rate reduction* and available only to residents in basic accommodation.
- I understand that if I want semi-private or private accommodations, there are no subsidies and/or rate reductions available.
- By signing this form, I confirm that I have been informed about the different costs for basic, semi-private and private accommodations in the long-term care home I chose.
- If my substitute decision-maker for property is making financial decisions for me at this time, I confirm that I have consulted with my substitute decision-maker and they are aware of and in agreement with the information above.
