

Why I volunteer

Howard Goodfellow

Advisor

“After experiencing challenges with my wife's care, I sought opportunities to share my experience and feedback from a caregiver perspective. The Community Engagement Program at Ontario Health atHome allows me to use my voice to share my lived experience, at the right table. I appreciate that the team always informs Advisors on how their feedback is considered and used.

The Community Engagement Team values Advisors and recognizes volunteer time is important. They make themselves available to support us, so we feel prepared and comfortable to participate in an engagement. I especially enjoy being able to participate in opportunities that I am interested in or have experience with such as Family-Managed Home Care.

Ultimately, my goal is to help others, and I always look forward to contributing in a positive and helpful way!”

LEARN MORE ABOUT OUR ADVISORS

Advisors are patients, family members and caregivers with recent home and community care experience and an interest in sharing their time, experience and insights to help shape and improve care. Learn more at ontariohealthathome.ca/community-engagement.
